Corporate Overview

Spartan, established in 2006, is a Toronto-based investment management company that specializes in niche investment strategies managed by experienced investment managers with proven track records. Spartan's infrastructure adheres to institutional standards with independent risk management and compliance, and well-known third party service providers. This allows our investment management teams to focus on investing and provides investors with the comfort that their money is being managed to the same standard as larger funds.

Fund Overview, Objectives and Strategy

LSQ is a quantitatively oriented Long/Short Equity fund that is absolute return focused. The Fund's objectives are to provide consistently positive returns in the 20-25% per annum range with low correlation to the North American equity markets. The Fund primarily trades North American listed equities and operates with a very low net exposure to the market. The investment team, headed by Chief Strategist Todd Heaps, conducts extensive quantitative analysis on all investment ideas and trades in a systematic fashion, overlaid with management's extensive trading experience. Todd has over 15 years experience trading equities, options and foreign exchange, initially with BMO Nesbitt Burns and later with National Bank Financial. For the 5 years prior to joining Spartan, Todd managed private money and built an exceptional track record with not only high returns but low risk.
